

We offer you the opportunity to join our young ELL team and be part of a growing company. We are currently looking for an employee to start as soon as possible as:

Fleet Manager 40 h (f/m)

YOUR DUTIES

- » Work closely with customers and maintenance partners to plan, co-ordinate and record servicing and maintenance works on ELL locomotives
- » Monitor planning and timeliness
- » Attend meetings with customers
- » Regularly communicate directly with workshop partners
- » Handle key issues in relation to maintenance

YOUR PROFIL

- » Certified technical training
- » Experience in the fields of locomotive servicing/scheduling/maintenance
- » Basic knowledge of rail maintenance
- » Good English, Hungarian and/or Czech, written and spoken (or the willingness to participate in language courses to improve language skills). Further languages would be an advantage.
- » Comfortable using the most common Office applications
- » Capable of working independently with a high degree of personal responsibility
- » Communicative and team-oriented

WE OFFER

- » An exciting working environment in an international company
- » Pleasant working atmosphere in a young and dynamic team
- » The chance to take the initiative
- » The opportunity to shape a growing company
- » Opportunities for international training and development
- » Employee benefits
- » Career prospects at an international level
- » Performance-based remuneration
